Old-World craftsmanship builds today's sound!
Classic Oak is built off of our Oak shell formula that has captivated professionals for that last decade. Our cross-over Oak/Maple design offers a rich tone that is balanced, focused, and loud. With exciting new finishes and configurable options, Classic Oak now joins its counterpart, Classic Maple, to deliver a dynamic professional drum set.

SNARES

The industry’s most revered snare drum takes on a new standard configuration! Introducing the new Black Beauty 8-lug.

This drum is outfitted with standard Phonic series hardware: imperial lugs, 2.3mm triple-flanged hoops, P88 throw-off, and P35 butt-plate. This traditional lug configuration results in a drum with an elevated response that brings out a grittier tone with an enhanced presence in the sustain.

Specifications	
LB414	5x14 Black Beauty 8-Lug
LB415	6.5x14 Black Beauty 8-Lug

Black Beauty

Copperphonic like you’ve never seen it before! Our most recent addition to the Phonic family of snare drums is now available in a new Pewter finish. A brand-new sheen adding a little more sustain to the naturally dark tone of our Copperphonic shell.

This is a Limited Edition production complete with our new Special Edition badge.

Specifications	
LC664	5x14 Pewter Copper Snare
LC665	6.5x14 Pewter Copper Snare

Special Edition Badge

SNARES

Artisan-Select aged exotic veneers handcrafted to perfection. This latest Aged Exotic snare drum features undeniably rich examples of Carpathian Elm veneer alternated with plies of North American Maple. It is a 10-ply shell with 5-ply re-rings finished in our proprietary Poly-Glass Lacquer for maximum durability. To top it off, both these are completed with Nickel Die-Cast hoops, tube lugs, P88 Throw-off, and P35. There will be only 40 total snare drums available in North America only. Includes Ludwig floral script logo snare bag.

Carpathian Elm

SPEED FLYER

Built to fly! Ludwig is excited to release the new era of Speed Pedals for today's drummers. Our top of the line bass drum pedal has more than just a new name. It's been optimized extensively with the following features; improved beater with traditional Speed sizing and increased weight, improved heel with smooth action bearings, improved toe clamp to reduce hoop damage with secured grip, new ergonomic wing bolts and attached drum key, improved baseboard for added strength, orientation marks for easier cam adjustments, and anti-slip cam features for maximum stability. All with a new sleek look and design.

Specifications
L204SF Ludwig Speed Flyer Foot Pedal

SPEED KING

Speed Remastered! Back by popular demand in all of its former glory and then some...the return of the Ludwig Speed King Bass Drum Pedal! This newest version preserves all of the features of the Speed King of old but with more advanced features which include improved cam bearings, a more reliable and smoother direct-drive linkage, and heel plate bearings. All in a beautiful polished chrome finish. This is your father's Speed King only better!
